YOUR STORY STARTS HERE

I'm so happy that you're here and that my work resonates with you.

If you have been thinking about having a couple/engagement shoot but without being overly posed, and more in a fun and relaxing way, where you will both feel your authentic selves - then this is exactly how I work and I would love to document your love story. Candid is where it's at.

We can head to a location of your choice, or I have heaps of locations where I love to shoot, whether its around the streets of London or along the south coast of England.

I can't wait to hear from you!

MY PHILOSOPHY

MY STORY

I'M JOSHUA *woodland*

I am a UK & destination wedding photographer with a romantic, editorial and elegant style. Sometimes we don't realise the importance of photographs and how much they can mean to us. Looking back at years to come to see yourself, your partner and those moments of joy. That's why I do what I do!

I love being around people and documenting peoples love. I want to run around the city with you, jump in the sea, climb that hill and dangle your feet off the rocks at sunset, all while capturing every moment and feeling. Let's get planning!

I have photographed many high profile clients and celebrity weddings during my career and have had my work featured in the likes of TATLER, HELLO and OK! Magazine.

I'm a lover of travel, culture, pink skies, chasing that golden sunset light, those little details and raw emotions.

LONDON SHOOT

I want you both to feel comfortable and your true selves in this shoot. There are so many locations around London we can head to and I have heaps of suggestions. If you have a place in mind and a particular location that is important to you, please let me know.

Send me all of the ideas and inspo. If there is a vibe you have seen before or even Pinterest boards - send them my way! I love planning these kind of shoots and we can either keep it simple and elegant or go wild and fun - I'm there for it all!

Once we've discussed and finalised the location, lets talk about outfits! To get the most out of this shoot and to look as pleasing on the eye as possible, outfit choices and colours do have an impact on the final image. Whether it's an editorial, luxury shoot wearing smart attire or running around the city in your chilled/favourite outfits, we will make it look great! One big tip - both your outfits will look amazing in photographs if the colour palettes are similar to one another!

LONDON

BEACH SHOOT

The best time for us to shoot at the beach is between the months of April - September. The time of the year in the UK where we will get the best weather.

I tend to host the majority of my couple beach shoots along the Dorset/Jurassic coast and I have so many hidden, special gems we can venture to. However, if you have another beach location in mind - let's go!

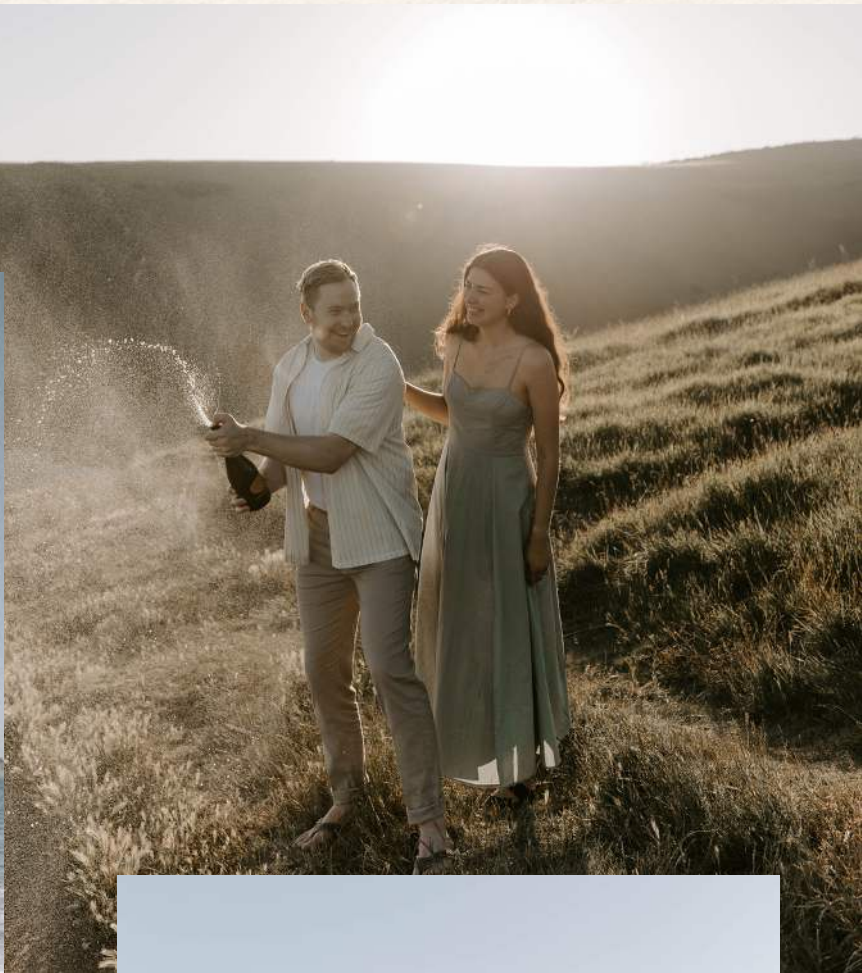

I want you both to feel really comfortable in what you're wearing and to be true to who you are. Outfits have a real impact on the final image - I always say less is more and outfits that are similar in colour palettes to one another look great!

I love to shoot primarily around sunset/golden hour, where the sun is low and we have all that beautiful golden light, but this is of course weather dependent. For these shoots - neutral colours are always a winner, or even denim jeans with a white/cream top. It may even get a little chilly during sunset, so a nice jacket/overshirt to match always looks great too! These of course, are just suggestions if you are unsure of what to wear.

WHATS YOUR DEPOSIT?

A 25% retainer fee (deposit) is required upon booking to secure it. Early booking is recommended to avoid disappointment, and the retainer is non-refundable in the event of cancellation from yourself. The retainer will be deducted from your final payment, which is due no later than 1 week before the shoot takes place.

WHAT ABOUT THE WEATHER?

As our photoshoot will more than likely take place in the UK, I know our weather can be very unpredictable. If our photoshoot takes place outside, I always like to shoot on a clear day or evenings with a beautiful sunset. However, this isn't always achievable - if you're flexible and happy to, we can rearrange closer to the time for another date, that is as close to the original date as possible. OR we can head out there anyway in the rain and make the most of it - the choice is yours.

DO YOU EDIT ALL OUR PHOTO'S?

Yes - every photo that you will receive has been edited by me. I take a lot of time with every image and carefully hand pick and edit them to my style.

WHEN WILL OUR PHOTO'S BE READY?

I am so excited to share your photos with you, and as eager as I am to send them over, I want you to absolutely love them. So typically I'll need about 3-12 weeks to get the photo's just perfect.

During the busy summer season, galleries can be a little slower and could take up to 12 weeks.

QUESTIONS & ANSWERS

QUESTIONS & ANSWERS

HOW WILL WE RECEIVE OUR IMAGES?

All your images will be sent through a private online gallery to view and photos will initially be sent with a watermark. You can then favourite your 10 favourite images, of which I will then send over the final images (without the watermark) in high resolution, ready for you to share with all your friends and family and to print.

I do not send the RAW images.

DO YOU TRAVEL?

I do travel and I love to travel. If a couple shoot in London or Dorset is too far for you or not what you're looking for, let me know and I'd be more than happy to come your way, or to a certain location. All I charge is an extra fee for travel expenses, depending on where it is.

WHAT IF WE DECIDE TO CHANGE THE DATE?

If you are no longer available on the date that we scheduled, please message me as soon as you can and we can reschedule. Unfortunately, if I'm not available on a date you suggest and you're not available any other time and you wish to cancel completely, then the deposit is non-refundable.

WHAT IF I LIKE MORE THAN 10 IMAGES FROM THE GALLERY?

Of course - you also have the option to purchase the full gallery for an additional cost of £95
